

ATTN: Rainbow Detective Agency, Detectives

You have been selected to help solve an important case. Late last night a leprechaun lost its gold and we need you to help us find it.

In order to find the gold, you will need to:

1. COLLECT EVIDENCE:

PART 1: Collect the evidence distributed by the Head Detective. Bring the evidence back and place it in order to discover a secret code.

PART 2: In your evidence bag, you must collect six items, each must be a different color from the Rainbow: Red, Orange, Yellow, Green, Blue, and Purple. The item must be able to fit into your bag. Once your evidence bag is full you will get your clues.

3. SOLVE THE CLUES

4. RECOVER THE GOLD
